

AutoCAD Tasks & Instructions — CodeAlpha

AutoCAD — Internship Overview

This internship program provides real-world experience in **AutoCAD and Computer-Aided Design**. CodeAlpha is a leading software development company committed to innovation and excellence across technical domains. The internship offers students hands-on experience in drafting, 2D/3D modeling and industry-standard design practices using AutoCAD. Interns will benefit from expert mentorship, practical assignments and a collaborative learning environment.

Internship Perks

- Internship Offer Letter
 - Completion Certificate (QR Verified)
 - Unique ID Certificate
 - Letter of Recommendation (based on performance)
 - Job Opportunities / Placement Support
 - Resume Building Support
-

Instructions for Interns

1. Share your internship status on **LinkedIn**, tagging **@CodeAlpha**.
 2. Complete the **assigned projects** within the mentioned time frame.
 3. Upload your complete file to **Google drive**:
`CodeAlpha_ProjectName`
 4. Post a **video explanation** of your project on LinkedIn.
 5. Submit your completed task using the **Submission Form**.
 6. **Complete any 2 or 3 out of the 4 tasks** listed below (from your domain).
-

AutoCAD Task List

(Complete any 2 or 3 of the following tasks)

TASK 1: 2D Drafting – Floor Plan

Create a **2D floor plan of a residential house** (minimum 2 bedrooms, kitchen, living room, and bathroom).

- Include proper dimensions, wall thickness, and labels.
 - Add furniture layout (optional, for clarity).
 - 👉 Submit the **.dwg file** and a PDF export of the drawing.
-

✓ TASK 2: Mechanical Drawing – Machine Part

Design a **2D technical drawing** of a machine component (e.g., gear, flange, nut-bolt assembly or bearing housing).

- Use correct dimensioning standards.
 - Provide **top, front, and side views** with annotations.
👉 Submit AutoCAD source file + PDF.
-

✓ TASK 3: 3D Modeling

Create a **3D model** of any one of the following:

- A mechanical part (e.g., piston, crankshaft, or tool).
 - A civil/architectural structure (e.g., staircase, bridge component, or room model).
 - Apply **materials, lighting, and rendering** for presentation.
👉 Submit the 3D file + rendered image.
-

✓ TASK 4: Real-World Project (Mini Project)

Prepare a **complete AutoCAD project** in your domain:

- Civil: Site plan + sectional view of a small building.
 - Mechanical: 3D assembly drawing of at least 3–4 parts.
 - Architecture: Building layout with elevation and 3D visualization.
👉 Submit final drawing files + project report (2–3 pages explaining workflow and output).
-

Important Note

Internship Completion Criteria:

To be eligible for the internship certificate, participants must complete a minimum of **two or three tasks**. Submitting only one task will be considered **incomplete** and certificates will **not** be issued in such cases.

Submission Details

A submission form will be shared in your respective **WhatsApp group**. You are required to submit your completed task only through that form. Please follow the instructions mentioned in the form carefully to ensure your submission is accepted.
