

Stock Market & Trading Basics Tasks & Instructions — CodeAlpha

Stock Market & Trading Basics — Internship Overview

This internship program by **CodeAlpha** is designed to introduce students to the **fundamentals of stock markets, trading strategies, and financial decision-making**. Interns will gain practical exposure to stock analysis, risk management, portfolio building, and trading simulations.

The internship focuses on mastering the basics of **equity markets, technical & fundamental analysis, trading psychology, and investment planning**. Interns will also explore modern tools and platforms used for trading and analysis.

Through real-world assignments and case studies, participants will learn how to interpret stock charts, evaluate companies, and understand how market forces impact investments. By the end of the program, interns will have a solid foundation to pursue careers in **stock trading, financial analysis, and investment management**.

Internship Perks

- Internship Offer Letter
 - Completion Certificate (QR Verified)
 - Unique ID Certificate
 - Letter of Recommendation (based on performance)
 - Job Opportunities / Placement Support
 - Resume Building Support
-

 2. Complete the **assigned projects** within the mentioned time frame.
 3. Upload your complete file to **Google drive**:
CodeAlpha_ProjectName
 4. Post a **video explanation** of your project on LinkedIn.
 5. Submit your completed task using the **Submission Form**.
 6. **Complete any 2 or 3 out of the 4 tasks** listed below (from your domain).
-

Stock Market & Trading Basics Task List

(Complete any 2 or 3 of the following tasks)

✓ TASK 1: Stock Market Basics Research Report

Write a **short report (800–1000 words)** explaining:

- What is the stock market?
- Primary vs Secondary market
- Role of SEBI in India

Submit in PDF format.

✓ TASK 2: Company Stock Analysis

Choose any **listed company (e.g., Infosys, Reliance, TCS, Tesla, Apple)**.

Analyze:

- Share price trend (last 6–12 months)
- PE ratio, Market Cap, Dividend history
- Future growth prospects

Submit a **2–3 page report** with charts/graphs.

✓ TASK 3: Trading Simulation (Virtual)

Use any **free stock market simulator or mock trading app** (like Moneybhai, TradingView, Investopedia Simulator).

Create a **mock portfolio worth ₹1,00,000 (or \$10,000)**.

Perform at least **5 virtual trades** and record:

- Stock name, buy price, sell price, profit/loss

Submit a **spreadsheet + summary report**.

✓ TASK 4: Mini Project – Trading Strategy Case Study

Prepare a **case study (5–6 pages)** on one of the following:

- Long-term investing vs short-term trading
- Basics of technical indicators (RSI, MACD, Moving Averages)
- Behavioral psychology in trading (fear & greed index)

Submit in PDF format with references.

🔥 Important Note

Internship Completion Criteria:

To be eligible for the internship certificate, participants must complete a minimum of **two or three tasks**.

Submitting only one task will be considered **incomplete** and certificates will **not** be issued in such cases.

📁 Submission Details

A submission form will be shared in your respective **WhatsApp group**. You are required to submit your completed task only through that form. Please follow the instructions mentioned in the form carefully to ensure your submission is accepted.
