

UI/UX Design Tasks & Instructions — CodeAlpha

UI/UX Design — Internship Overview

This internship program provides practical exposure to **User Interface (UI) and User Experience (UX) design principles**. CodeAlpha is committed to training students in creating **modern, user-friendly and visually appealing digital products**.

The internship focuses on mastering **design thinking, wireframing, prototyping, color theory, typography, and usability testing**. Interns will use industry-standard tools like **Figma, Adobe XD or Sketch** to create responsive designs for websites and mobile apps.

Through real-world projects, interns will learn how to **research users, design intuitive interfaces, and improve overall product experiences**. With expert mentorship and practical assignments, participants will strengthen their **creative design skills and problem-solving abilities**, preparing them for careers in **UI/UX, product design and digital innovation**.

Internship Perks

- Internship Offer Letter
 - Completion Certificate (QR Verified)
 - Unique ID Certificate
 - Letter of Recommendation (based on performance)
 - Job Opportunities / Placement Support
 - Resume Building Support
-

Instructions for Interns

1. Share your internship status on **LinkedIn**, tagging **@CodeAlpha**.
 2. Complete the **assigned projects** within the mentioned time frame.
 3. Upload your complete file to **Google drive**:
`CodeAlpha_ProjectName`
 4. Post a **video explanation** of your project on LinkedIn.
 5. Submit your completed task using the **Submission Form**.
 6. **Complete any 2 or 3 out of the 4 tasks** listed below (from your domain).
-

UI/UX Design Task List

(Complete any 2 or 3 of the following tasks)

TASK 1: Wireframing & Low-Fidelity Design

Create **wireframes for a mobile app or website** (e.g., food delivery, e-commerce or education platform). Submit wireframes in **Figma/Adobe XD**.

✓ TASK 2: High-Fidelity UI Design

Convert the wireframe into a **high-fidelity UI design**.

Add **color palettes, typography, buttons, icons, and images**.

Ensure the design follows **UI/UX principles**.

✓ TASK 3: UX Case Study

Pick a popular app/website (e.g., Zomato, Flipkart, Paytm).

Analyze its **user journey, strengths, and weaknesses**.

Suggest **3 improvements** with sample sketches or mockups.

Submit as a **case study report (4–5 pages)**.

✓ TASK 4: Mini Project – Prototype Design

Create a **clickable prototype** of a complete app or website using **Figma/Adobe XD**.

- Example Projects: Online Learning Platform, Travel Booking App, Personal Portfolio Website.
 - Submit prototype link + 2–3 page design explanation.
-

Important Note

Internship Completion Criteria:

To be eligible for the internship certificate, participants must complete a minimum of **two or three tasks**.

Submitting only one task will be considered **incomplete** and certificates will **not** be issued in such cases.

Submission Details

A submission form will be shared in your respective **WhatsApp group**. You are required to submit your completed task only through that form. Please follow the instructions mentioned in the form carefully to ensure your submission is accepted.
